Request for Resident Feedback

Existing Site Arrangement

Proposed Site Arrangement

Council staff are currently undertaking community consultation to better understand community views regarding proposed changes to improve the functionality of Clonlea Dog Park.

Consultation will be open from Thursday 25 August until Thursday 22 September 2022. Council staff will be on site on 13 September 2022 from 4-5:30pm to chat with residents about opportunities to improve the park and the proposed changes.

While there is no funding currently associated with this project at this time, Council staff are seeking input which will be used to inform a potential 2023/24 Council budget bid.

We welcome your feedback! Scan the QR Code below to fill out the survey, or provide your feedback through any of the following means:

Potential Changes to the Dog Park

- 1 Switch the Small Dog Zone with the All Dogs Zone.
- 2 Make the temporary Dog Run Zone permanent.
- 3 Install new signage in the new Dog Run Zone as the only suitable area for ball throwing.
- 4 Extend CCTV coverage to monitor Dog Run Zone to help monitor dog incidents.
- 5 Install a gate between the All Dogs Zone and the Dog Run Area, making it one large space.
- 6 Install dog etiquette and behavioral signage to educate dog park users on well-socialised dog behavior.
- 7 Install new lighting to extend usable hours of the park (pending budget availability).
- A Optional item: Consider replacing the bark mulch chips in the existing dog zones and replace with a new material such as turf (pending budget availability).
