Willaston Local Area Traffic Management (LATM) Study

The Town of Gawler is pleased to announce that community consultation has commenced to inform the development of a Willaston Local Area Traffic Management (LATM) Study.

Mayor Redman says “The Town of Gawler is committed to working with our community to plan for a safer, more efficient and reliable road network that supports our continued urban growth. The delivery of the Willaston LATM is another example of that commitment.”

Mayor Redman further advises that “The LATM will provide a strategic approach for managing current and future traffic and pedestrian movements on the local road network of Willaston. The Study will be used to identify road safety issues in the local area of Willaston and prioritise proposed improvements to existing traffic management arrangements. A key objective of the LATM is to provide a holistic approach to overall traffic management in Willaston rather than developing solutions on a ‘street by street’ basis”.

Chief Executive Officer, Henry Inat says “As part of development of the draft LATM there will two key stages where the community can contribute input and feedback to the consultation being undertaken. Stage 1 of community consultation involves identifying traffic and road safety issues within the Willaston area. This initial community feedback will be used to inform development of a draft LATM Study. Stage 2 will involve community consultation on the draft LATM Study to seek feedback on the outcomes of the study and its recommendations. This Study will then be updated and presented to the Council for consideration of adoption.”

Stage 1 of the community consultation will be undertaken between **Wednesday 25 March 2020 and Friday 17 April 2020**. The dates for Stage 2 of the community consultation process are yet to be confirmed but are anticipated to occur later this year.

Mayor Redman says “We would really appreciate the local community taking the time to engage with the Council and contribute their valued feedback to inform the development of the Willaston LATM”.

The Town of Gawler looks forward to developing the draft LATM in consultation with the local community of Willaston and hearing your feedback.
