

LIBRARY NEWS

June 2021

Welcome to the sixth edition of the Gawler Library's **Shelf Talk** newsletter for 2021! We're so pleased you've grabbed yourself a copy and hope you enjoy all the good stuff we've packed inside for you to read.

Last month we met Belinda - one of our indispensable Library Casual Officers who work at the Gawler Public Library. For this issue, you will get to know more about our Library Technical Services Officer, Angie. You may be familiar with her, having seen her working at both our locations and during our events.

Meet **Angie**...

I started as a casual at the Gawler Library in 2011 and apart from working on the front desk, I have the best job in the library! I receive all the lovely new books from the publisher, and then catalogue and process them, so they can go into the library to be borrowed. My favorite part of my job is customer service, I enjoy making someone's visit to the library a fun and positive experience. When I'm not at work I love to spend time with my animals on my hobby farm, gardening, and reading.

HAVE YOU ATTENDED ANY OF OUR EVENTS RECENTLY?

We'd love to have your feedback so we can create more events for our community. Please scan the QR code above to be directed to our feedback form. We really appreciate your time and look forward to seeing you at future events.

GREENLIGHTS

Matthew McConaughey

I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me.

WEEKLY WIND DOWN

Do you have favourite books from your childhood? Old friends that always provide you with the comfort of knowing how the story goes with familiar characters. Do you remember your first read through? How you felt and what questions it made you ask of yourself?

This month we're going to reacquaint ourselves with old friends and see what new things they have to tell us. Every year of experience gives us new perspective on the world and our relationships with the people in our lives. Maybe you could revisit a reading suggestion you suffered through for one reason or another. Have you ever read one of the classics before? You never know, you may this time around really enjoy it or at least gain a new appreciation for the story and characters.

Check out some of the old friends from the personal bookshelves of our library staff...

COMING SOON...

Great news!

You can *soon* relax...your physical library loans will soon be extended automatically if no-one else has placed a hold on your items.

This service is a real time saver! An email will be sent to your registered email address to advise of the new due date or you can log in to the catalogue or use the Libraries SA App to confirm due dates.

We'll have more information as we get nearer to the 'Go Live' date and we'll make sure to share it on our Facebook page too.

Frequently Asked Questions

What if I want to manually renew the item myself?

You won't be able to renew the item yourself earlier than 3 days prior to items being due.

If you require a renewal earlier (eg. holidaying/hospital etc) then you will need to contact your library.

How will I know if my items have been renewed?

We will send you one email to let you know the items that have been renewed and their new due dates; and for those which were unable to be renewed a courtesy reminder notice will be sent.

You can also log in to the catalogue or Libraries SA App and check "My Account".

Will I lose any days of my new loan period if my items are renewed earlier?

No. All renewals from now on will be from the due date of the item, not the date it is renewed, so you won't lose any days that you were entitled to.

WHAT'S IN A WORD

This column will be making a regular appearance in our editions of Shelf Talk. Here you can find new words, old words, colloquial words, unusual words, words from other languages, weird and wacky words and their meanings. We hope you enjoy discovering them and adding them to your vocabulary.

Because it is the beginning of winter our first word is:

Pluviophile: a lover of rain; someone who finds joy and peace of mind on rainy days

And because this is a library newsletter we had to include:

Bibliophile: a lover of books; someone who loves to read, admire and collect books.

May 27th - June 3rd is also Reconciliation Week and Gawler's first major reconciliation project was the opening of the Parridla Taikondi River Junction Park back in 2002. After consultation with Kurna Warra Pintyanthi (Kurna Language Team), the name Parridla Taikondi (meaning 'rivers coming together') was adopted by Council for the river junction area. <https://www.gawler.sa.gov.au/>

Parri: is a Kurna word for river and parridla means rivers.

Taikondi: is the Kurna word for coming together.

If you are interested in learning more Kurna language, ***Kulurdu Marni Ngathaitya! A Kurna Learners' Guide***, has been developed as a step-by-step guide for learning to speak the language and to assist teachers of Kurna language.

Scan the QR code to search for more Kurna books.

Tandanya is also the name of Australia's oldest Aboriginal-owned and managed multi-arts centre, which sits on Kurna land.

Tandanya: is the Kurna word for 'place of the Red Kangaroo'.

The Kurna people are the traditional owners and custodians of the Adelaide Plains. Tandanya's name reflects the organisation's ongoing commitment to honour and respect the traditional owners and custodians for this country. <https://www.tandanya.com.au/about-us>

OFF THE SHELF

Off the Shelf.

What will you learn today?

If our May Seed Raising Borrow Bags have inspired young gardeners in our community, this book, **Grow, Forage and Make by Alys Fowler**, is new to our collection and full of ideas for "fun things to do with plants".

"Once upon a time our world was wild and there were so many nooks and crannies for insects and minibeasts to make their homes in." ...

"in your garden, your park and on your walk to school, you can find thousands of bits and pieces that can be made into a home for minibeasts."

Try collecting a bunch of twigs and stick and stems. Tie them into bundles and tuck them away somewhere out of the rain.

You can also fill an old box with a layer of straw or dry leaves and put pine cones, sheoak cones or banksia cones on top.
