WELCOME!

The Gawler Aquatic Centre Learn to Swim Program provides a positive and safe environment to develop the swimming and water safety skills of people aged 6 month and beyond!

Our curriculum is aligned to the National Swimming and Water Safety Framework, to ensure that when our students progress through the program, they are achieving key milestones determined by Royal Life Saving Australia.

Swimming lesson participation is not only about competitive swimming; Our goal is to promote positive experiences in and around water, and that all of our students are able to live healthy and active lifestyles with safe participation in aquatic activities.
